

Commander

COMPREHENSIVE CONVENIENCE STORE MANAGEMENT

Commander Site Controller from Verifone, offers convenience store owners a versatile site management solution providing increased speed in payment acceptance, fueling operations, and back office store control. Commander is certified across all dispenser types, payment networks, and oil brands.

Commander features the *Commander Console*, a cloud based management software platform. This platform allows owners to manage all aspects of their business from fuel to payment and store operations quickly and easily from any web enabled device.

The Commander system architecture includes expansion slot and ports to add capacity as your business grows. This will ensure fuel functionality and superior performance for years to come. Commander is designed specifically for the harsh convenience retail industry. It is purpose-built for years of trouble-free service.
